

Bringing Strategy and Talent Together

Korn Ferry Leadership Architect™

Global Competency Framework

The Leadership Architect™ Suite is a comprehensive, integrated set of tools that gives executives, managers and human resource professionals the ability to put research-based leadership and organizational development best practices into action.

Align talent, activate strategy, and build a solid foundation for a sustained talent advantage.

Does your organization have the tools, resources and services it needs to lead?

What is the difference between good and great?

An effective competency strategy sets the stage for organizational success, aligns your talent with overall business objectives and creates a highly successful talent strategy. Getting your organization's competency strategy right will enable you to:

- **Align** the talent strategies with the overall business objectives
- **Identify and plan** the desired impact on leadership culture, talent processes, and HR systems
- **Explore and facilitate** change management strategies that ensure widespread adoption

Talent Alignment, Management and Development

Creating a long-term human capital competitive advantage rests on the ability to address 3 fundamental leadership and talent management needs—**strategic and organizational alignment, leadership and executive development, and talent and performance management.**

Research-based Tools

Integrated development options Research-based, experience-tested and completely integrated, Lominger Tools and Services can be used for everything from organizational development and job profiling to selection, training, individual and team development, succession planning and more.

The **LEADERSHIP ARCHITECT® Suite** of tools serve as the foundation of a global business of leadership development resources for individuals, teams and organizations. Our mission is to help organizations meet development challenges by offering the tools, applications and support that can make a difference in organizations and in the practice of developing leaders around the world.

Organizations go to great lengths to identify and recruit the best talent available but often stop short of maximizing their investment. BettSolutions, LLC, in partnership with Korn Ferry offers a suite of solutions designed to unlock the full potential of individuals, teams and organizations.

BettSolutions, LLC works with organizations to provide best-in-class services to develop your Organization, your Teams and your Individuals. We take the diagnosis to the next level by providing real remedies to build your human capital capabilities. To ensure we are providing best-in-class services we leverage a variety of tools and processes.

The solutions we use combine research-based and experience tested assessment and developmental tools with an understanding of the competencies and experiences required for success. Through a comprehensive approach, we provide a range of solutions that help you align critical competencies with business strategy and maximize the effectiveness of your talent.

The LEADERSHIP ARCHITECT® allows you to maintain a common language for leadership and development across processes, solutions, applications and the organization. Derived from over 40 years of research, these Competencies account for as much as 85% of the competencies that lead to effective management and leadership.

A systematic approach will address the following questions:

- What are your requirements for success?
- Do you have the right people?
- Are your people functioning at peak performance
- How do you deploy your talent?
- How do you retain your talent?

We bring over 25 years of practical, research-based and consulting experience in Fortune 100 and top-tier consulting firms as well as working across a variety of industries and geographies.

Our mission is to help your organization maximize the potential of your human capital to meet the needs of your business.

Lominger International Research

The **Leadership Architect**® is based on competency work done across many years at the Center for Creative Leadership (CCL), Hay-McBer, Sears, Exxon, AT&T, and thousands of professional studies. **Lominger International** has tested the competency library empirically since 1994.

Lominger International's History

The **Leadership Architect**® Competencies were first introduced in 1991 by **Michael M. Lombardo**, Ed.D. and **Robert W., Eichinger**, Ph.D. under the company name Lominger. The Suite quickly became an internationally recognized set of tools known to fit any organization's culture or operating style.

In 2006 **Lominger International** joined the **Korn Ferry International** family of companies. Since its founding in 1969, Korn/Ferry International has been the executive recruitment industry's leader and innovation. The company has evolved as the world's premier provider of executive talent management solutions.

Korn Ferry Institute

The **Korn Ferry Institute** commissions, originates and publishes groundbreaking research using Korn Ferry's unparalleled expertise in executive recruitment and talent development, combined with our preeminent behavioral research library.

The website provides unrestricted access to the entire Korn Ferry library of leadership literature, including whitepapers, studies, videos, podcasts, webcasts and books.
